There are a million of them! Untold numbers of these men and women actually owe their lives to information they obtained from the American Cancer Society.

Fighting cancer is our business. We have all kinds of ammunition: posters; exhibits; film strips; easy-to-understand folders; hard-hitting, dramatic films.

They're free for use in your office, your club, at your PTA meeting, your church socials, your community center. They're all designed to alert you, your family and your friends to facts about cancer which can mean the difference between life and death.

Call or write the Unit of the American Cancer Society nearest you. It's stocked with ammunition that could save *your* life.

A word about your *Rock Products* index . . .

This index has been prepared for your convenience in locating articles appearing in ROCK PRODUCTS during 1959. You will find it useful. Articles are indexed by subject and author, and are cross-indexed under as many major topics as are contained in them—these include processes, equipment, personalities, forecasts, plant and company names, type of product, ideas and methods. You will also find Rocky's Notes and Editor's Page indexed in the above manner.
